Times Are Tough
But Saving Money Isn't!

**BOOK BY
31ST JANUARY**

Agricultural Machinery Winter Service Offer

There has never been a better time to take advantage of our winter service offer.

Book before 31st January 2012 and our factory trained engineers will visit your machine, undertake a thorough examination, and produce a comprehensive report. This will list all work deemed essential, along with recommendations and advice for all other areas.

For a fixed inspection fee you will receive accurate costings that allow you to make an informed

decision about the repairs and if you decide to go ahead with some or all of the work we will refund the inspection fee back to you.

We use genuine parts that not only meet the exact specification of the manufacturer but they come with a full 12 month warranty and, when fitted by our engineers, they also carry a 12 month warranty on labour. Full settlement of the repair is also deferred at 0% until March 2012.

So don't delay!
