The Genuine Choice

Fendt - manager

Service and Extended Warranty Plans

Fixing the cost of your Future

Financial security with a fixed cost manager Service Plan

The benefits of running a regularly serviced machine are indisputable! You are guaranteed the maximised performance and continuous reliability you expect from your equipment. Now the Fendt **manager** Service Plan takes this guarantee to the next level. By taking out a personalised Service Plan, you can not only extend this peace of mind into the future, but you can also fix tomorrow's costs today! For a fixed cost at the time of purchase, a Service Plan offers you the financial certainty of a machine at peak performance for the period of your choosing.

Your Personalised Service Plan

manager Service Plans are available for both new and used Fendt equipment, and each plan is individually tailored to the exact specification of your machine and to your unique operational requirements up to 10,000 hours. Professional servicing is carried out by the expert technicians at your local Fendt dealer and your equipment is comprehensively serviced according to the manufacturer's recommended intervals. Your dealer can discuss your precise servicing requirements with you, after which you will receive a detailed quotation showing you the extensive breakdown of each service, as well as providing you with known servicing costs.

Let manager manage your servicing, so you can manage your business!
